

Parish Pastoral Council & Finance Council

In accordance with the Code of Canon Law, every parish is called to foster collaborative leadership in service to the mission of the Church. The Parish Pastoral Council (Canon 536) serves in an advisory capacity to the pastor assisting in discerning the spiritual and pastoral needs of the parish and planning for its growth in faith, outreach, and community life. The Finance Council (Canon 537) assists the pastor in the wise stewardship of parish resources offering guidance in the administration of finances, properties and temporal goods of the parish. Both councils work in partnership with the pastor ensuring that decisions reflect the mission of Christ and the good of the parish community.
